Big Max Aqua Style 3 – hochwertiges Golfzubehör von Tesi Golf.

Description

BIG MAX AQUA STYLE 3

100% waterproof, 100% reliable:

The new AQUA Style 3 combines timeless, elegant style with modern function.

The light weight of 2.2 kg and the 14-way organiser top make playing easier and provide a good overview of the golf clubs. A total of 10 waterproof, generously designed pockets protect the equipment from wind and weather. The combined rain cover/accumulator pocket, dual umbrella holder and other innovative features round off the Aqua Style Package 3 as the perfect companion on the course.

The 14-compartment organiser top allows you to organise your clubs by length and take advantage of an extra putter compartment. This prevents the clubs from hitting each other and creating an unpleasant accompanying noise while golfing.

Thanks to the integrated cooler bag, you can keep your drinks and food cool and the bag dry. Because it's always important to have enough fresh and cool drinks to hand.

BIG Max Bags have many features to make organisation easy. These include hooks for your towels, a glove holder, an umbrella holder and many other useful features.

The i-dry system from BIG MAX guarantees 100% waterproof material as well as seams and zips. So golf rounds in the rain are no longer a problem, the bag stays dry and your utensils are protected from wetness and rain.
