5g Weight Plug for Steel Iron Shaft / 10 pieces

Item number	BW15I5
Brand	GDW
Manufacturer part no.	BW15I5
Category	Weights / Screws

Versand aus Deutschland

Description

10 pcs per package.

These lead tip pins insert into the tip of a steel shaft to add weight to a golf club. Epoxy in place when you epoxy the shaft into the club head. The tip pins are slotted on the side to allow air to escape so the shaft and ferrule seat properly. The tip pins for woods fit 0.335" steel shafts and tip pins for irons fit 0.370" parallel tip steel shafts. 30 pack
The tip pins for woods can also be used for 0.355" taper tip steel iron shafts by wrapping the stem with a strip of lead tape.
