Beschreibung

Project X Taper Tip Stahl Schaft

Dieser Stahflschaft von Project X weißt für jeden inch des Schaftes eine konstante verjüngung auf. Daraus resultiert ein besserer Energietransfer zum Ball. Der Ball geht einfacher in die Höhe und hat eine gute angreifende Flugbahn. Der Sieger der US Open 2015 in Chambers Bay nutzte diesen Schaft.

Passt für Taper Tip Eisen mit einem 0.355 inch TIP.
