Power Play Juggernaut Titanium Driver - Custom assembled

Item number	XTM13652B
Brand	Power Play
Manufacturer part no.	XTM13652B
Category	Driver

Power Play Juggernaut Titanium Driver - massgeschneidert – hochwertiges Golfzubehör von Tesi Golf.

Specifications

Material	100% Titanium
Club Type	Driver

Description

New 2014 Power Play Juggernaut Driver Featured In Golf Digest Stix Ezine!

In the March 5, 2014 issue of Golf Digest Stix Ezine, the Power Play Juggernaut Driver was featured. Hireko Golf Technical Director Jeff Summitt commented to Golf Digest Equipment Editor Mike Stachura, "The Juggernaut is strictly for those four out of five people who really don't care about the rules. I wouldn't be surprised if it was Hireko's no. 1 selling driver this year."

What's all the buzz about the Power Play Juggernaut Driver? First, the Juggernaut has a 515 cc volume, thus allowing it to be a more forgiving head on off-center shots. Secondly, youï¾?ll be able to generate more distance from the tee as the COR effect of the ball coming off of the explosive beta titanium face exceeds the USGA maximum limits too. Does not conform to the Rules of Golf
