Lie	58 d, 59 d, 59.5 d
Face Angle	Square
Face Height	33 mm
Volume	154 cc, 156 cc, 171 cc
Hosel-Diameter	0.335 in

Description

The Acer SR1 fairways woods feature cup-face construction or where part of the faceplate wraps around and becomes incorporated into the sole, crown, and skirt area of the head. This pushes the weld back away from the actual face so the areas around the perimeter could be made thinner creating more face deflection for higher ball speeds to areas other than the center of the face. Even when you miss-hit the ball, the SR1 with cup-face technology provides you that extra spring-like effect for longer shots. These

low-profile heads coupled with the Gravity Port located in the rear promotes a higher launch with greater accuracy.

Stock screw is 7 grams and requires a 4mm Allen wrench. 2 and 12-gram screws sold separately.
