Tungsten Powder 1/4 lb/ 4 oz/ 113g

Item number	TG1
Brand	V.O. Baker
EAN/GTIN	5027084366506
Manufacturer part no.	5027084366506
Category	Weights / Screws

Versand aus Deutschland

Description

Tungsten Powder allows for the addition of extra weight in less space at the clubhead end for more efficiently increasing swingweight. Weighing 1.5 times as much as lead powder, this tungsten powder is especially useful on clubs shafted with ultralight graphites, where extra head weight is necessary to achieve normal swingweights.
