Weight	113 g
Shaft Type	Putter
Tip Diameter	0.370 in
Raw Length	35 in

Description

Apollo Bent Putter Shaft, Black, Right-handed (Offset + Lie)

The Apollo putter shaft is bent at the lower end, which gives the putter offset (hands ahead of the ball) and the right lie angle. The black version is for right-handed golfers. If you have any questions, our golf shop and workshop in Erfurt, Germany, will be happy to advise you.

- Manufacturer: Apollo

- Bent, with offset and lie
