Description

Big Max AutoFold As the name suggests, the leading feature of the Big Max AutoFold is its folding mechanism. With only one hand movement, the golfer can fold the AutoFold down to an incredibly compact 74x36x42cm with the collapsible front wheel automatically tucking under the body into place. Big Max's Auto-Fix folding technology then takes hold, fixing the folded trolley in place, leaving its 7.6kg body to be easily lifted into the car boot or locker. With the same level of ease the AutoFold can be unfolded, leaving the golfer ready to roll onto the fairway in seconds. In addition to its unique folding features, the AutoFold incorporates helpful features such as a deluxe organizer panel with storage compartment and adjustable brackets that when combined with the incredible stability offered by the AutoFold mean even the heaviest of Tour bags can be accommodated. To complete the package, the AutoFold has passed Big Max's rigorous testing that enables the company to give a 5 year warrantee with confidence. So for anyone that wants a push trolley that offers complete ease of use, a stylish look and peace of mind, look no further than the Big Max AutoFold. Available in Black, white, navy
