Category	RANGEFINDERS / GPS

Bushnell ION EDGE – hochwertiges Golfzubehör von Tesi Golf.

Description

Bushnell ION EDGE Golf Watch

The ION EDGE offers a new design with a touch screen display. In addition, Bushnell offers a free app for your smartphone for updates and more than 38,000 golf courses worldwide.

The watch shows them the stroke distance and has a battery life of about 3 rounds. In watch mode, the even up to 24 months without this must be charged. The lightweight ION EDGE is easy to use and has an easy to read display.

Thanks to the GPS, the watch is able to automatically detect the golf course on which you play. The watch also automatically changes from hole to hole without you having to press another button. In addition, the watch can also record the distance, speed and total playing time spent on the golf course. With the new "Greenview function" you can select different pin positions to determine the distance to the flag more precisely.
