Why Ladies Golf Grips Matter

Female golfers benefit from an optimized grip diameter to:

- Hold the club more comfortably
- Reduce tension and over-gripping
- Improve feel at impact
- Promote consistent swing mechanics

Grips that are too thick can restrict hand action and negatively affect shot control. The **Karma Pink Velvet Ladies grips** support a natural hand position and improve swing stability.

Ideal For

- Female golfers of all skill levels
- Women’s teams and golf clubs
- Clubfitters and repair workshops
- Pre-season preparation and winter service

With 13 grips included, this set is perfect for a complete iron set, including a spare grip.
