Description

Air Gripper - Makes Quick Work of Grip Installs & Removals

The Air Gripper is designed to help you quickly install and safely uninstall grips. This total kit has two blow out tubes, duster hand high pressure hose fitted with a universal adapter. The blow out tubes are transparent and have machined ridges for better handling. Original grips including oversized putter grips can be removed and preserved for re-installation without damage. (no guarantee - but the chances are very good!) Air compressor required.
