Description

Power Play Juggernaut Fairway 100% Titanium - Clubhead

Finally a fairway wood worthy of the Juggernaut name! This all-titanium beast is all about maximizing distance with a HOT FACE comparable to todays drivers. Features a deeper face that can be played from a tee yet offset by an incredibly low center of gravity to promote a high trajectory from the fairway or rough. The non-glare matte black crown and contrasting black PVD finish will inspire. Experience first-hand what it is to hit the ball higher, straighter and further with no additional effort with the Juggernaut Titanium fairway woods.
