UST Mamiya Recoil Dart ESX 460 F3 R

Item number	USTESX460
Brand	UST-Mamiya
EAN/GTIN	849009010609
Manufacturer part no.	25378
Category	GOLF SHAFTS

UST Mamiya Recoil Dart ESX 460 F3 R – hochwertiges Golfzubehör von Tesi Golf.

Description

The industry's #1 graphite iron shaft featuring ESX design technology

Our exclusive ESX design technology also increases launch and ball flight characteristics. While DART technology optimizes hoop stiffness in the critical areas of the golf shaft. The Recoil® DART ESX has been designed after years of research and testing to precisely optimize shaft hoop stiffness in the critical areas of the golf shaft.

To achieve maximum distance, optimum hoop stiffness is designed into the energy transfer section of the shaft. In the tip section, the hoop stiffness is increased to maintain feel while also stabilizing the tip section for maximum consistency and optimum ball flight. Additionally, Dual Action Recoil Technology® eliminates inconsistent areas in the golf shaft for precise feel without the ‘clunky dead feel’ of other iron shafts.
