Shaft extenders Universal 6 pack

Item number	30027867
Brand	Tesi
EAN/GTIN	5027084366070
Manufacturer part no.	30027867
Category	Extenders

Versand aus Deutschland

Description

Universal 6-pack - +3", for 0.600", fits all steel and most graphite shafts, 5"

Our versatile shaft extender (shaft plug) lengthens virtually any golf club on the market. Simply add epoxy, slide the extender into the shaft butt, allow the epoxy to cure and cut to length.

if the extender is too big, than dont force it into the shaft.

if it is too loose, use tape (for painters) and wrap it around. but there should be space between it so the epoxy can work in between.

now it should be tight enough to glue in.

its not recommended to extend more than 2 inch!
