Manufacturer part no.	USTRCT65
Category	GOLF SHAFTS

UST-Mamiya Recoil 65 Tapered (0.355 inch) Graphite - Eisen – hochwertiges Golfzubehör von Tesi Golf.

Specifications

Material	Graphite
Shaft Type	Iron
Tip Diameter	0.355 in

Description

UST-Mamiya Recoil Tapered Graphite Golf shafts

Finally, a revolutionary technology that will change how you think about iron shafts. UST Mamiya?s new recoil iron shafts are a game changer. In the past, heavy weight graphite iron shafts felt dead and stiff. With UST Mamiya?s exclusive recoil technology, they have brought feel back into the shaft, while allowing players to hit a wide range of shots that result in better distance control and pin seeking accuracy. By positioning over 19 different layers within the shaft, UST engineers were able to create a design that outperforms the best steel shafts in the market. Recoil shafts are constant weight designs, with balance points adjusted so there will be no drop off in swing weight when re-shafting your steel shafted irons. 0.355? taper tip only available in individual lengths from #3 iron to wedges. Note: This is a special order item. Please allow for longer delivery time.
