SuperStroke Zenergy WristLock Putter Grip

Item number	STPZ-Wrist
Brand	SuperStroke
Category	Putter Grips

Rules-conforming putter grip that locks the lead wrist for more consistency.

Description

SuperStroke Zenergy WristLock: locks the wrist for more consistency

The WristLock conforms to the rules and is shaped to enclose the lead wrist. This prevents unwanted movement and gives a more consistent start line and better distance control. It suits right- and left-handed golfers and most putting styles. Depending on your setup, a small loft adjustment on the putter may be useful.

Features

- Encloses the lead wrist
- Conforms to the rules
- Suits most putting styles

Note

The CounterCore counterweight is not included. SuperStroke backweights are available separately.
