Description

SuperStroke Zenergy XL Tour 3.0+: extended putter grip with 13.75 inches

The XL grips are 13.75 inches long, about 8 cm longer than standard grips. The extra length suits mid-length putters and golfers who want to putt with a counterweight (counter-balance).

Features

- 13.75 inches long
- Parallel Zenergy Tour profile with No Taper Technology
- Ideal for mid-length putters and counter-balancing

Note

The CounterCore counterweight is not included. SuperStroke backweights are available separately.
