Item number	USTPROFV2HY
Brand	UST-Mamiya
Category	GOLF SHAFTS

UST Mamiya Proforce V2 Hybrid Graphitschaft – hochwertiges Golfzubehör von Tesi Golf.

Specifications

Torque	3.2 d
DSFI Range	80-95 mph, 90-105 mph
Material	Graphite
Weight	84 g, 86 g
Shaft Type	Hybrid
Flex	R-Regular, S-Stiff
Tip Diameter	0.370 in
Raw Length	41 in
Parallel Tip	3.5 in

Description

UST Mamiya Proforce v2 Hybrid Graphite Shaft

THE LEGENDARY proforce in a new guise and with better PERFORMANCE.

UST Mamiya engineers have created a new higher performance Proforce.

- proforce v2 hybrids are for golfers looking for a medium-high trajectory

proforce v2 hybrids use aerospace materials and an innovative design to produce a very stable and consistent golf shaft. The low torque ensures maximum control with today's hybrid heads and offers

significantly improved lateral stability. As a result, more energy is delivered to the golf ball at impact and the launch trajectory is more consistent from shot to shot.
