Description

UST-Mamiya Recoil 460 ES Graphite Iron Golf Shafts

The new Recoil 460 ES is a lightweight iron shaft designed to provide maximum distance and control for all golfers through the latest in design and materials. This is for the golfer looking to increase initial launch and maximum distance. The ES stands for Extra Stability for more control and feel. Recoil Technology provides optimal spring effect in the walls of the shaft and more efficient energy transfer to the ball for increased velocity and greater distance. The Ion Plating creates a stunning and premium finish vs. traditional paint.
