Cleaning a WINN grip

Because Winn grips have absorbent properties, they can eventually become soiled by dirt and sweat from your golf glove and hands. This does not affect the grip's performance.

To clean a Winn grip, put a small amount of water on a soft towel and gently wipe the grips. Do not saturate the towel. Never use a brush and soapy water to clean a Winn grip, as this can damage the top surface and destroy the grip's tackiness and slip resistance.

Do NOT submerge Winn grips in a bucket of water to clean them. This saturates the underlying layer of the grip and can ruin it.

Caring for grips in wet weather

When playing in wet weather, do your best to keep your grips dry. If your grips get wet, use a soft, dry towel to pat them dry. Never rub a Winn grip vigorously with a towel! This damages the top surface and undermines the grip's tackiness and slip resistance.
